

Environment

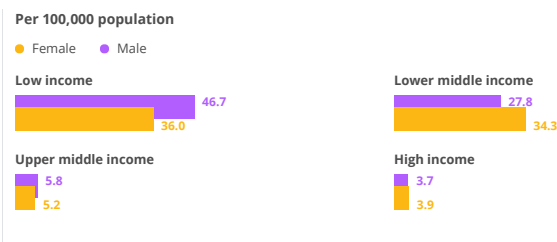

Most environmental data are not yet collected by sex. As such, resources for collecting sex-disaggregated water, sanitation, and energy data are provided. As data become available, they will be added to the database.

Mortality rate attributed to household and ambient air pollution by sex and income group (age-standardized)

Source: World Health Organization, Global Health Observatory Data Repository (<http://apps.who.int/ghodata/>).

Mortality rate attributed to unsafe water, unsafe sanitation, and lack of hygiene by sex and income group

Source: World Health Organization, Global Health Observatory Data Repository (<http://apps.who.int/ghodata/>).
